## Notes

2017 data is not classified as Passive / Aggressive

## Disclosure statements in support of the above

1. Execution Factors	The availability of liquidity across a number of different venues and price discovery means that we place the highest importance on price and then costs associated with execution. Where the asset types are less liquid or structured, then speed and likelihood of execution increase in importance. The factors we consider are: price, costs, speed, likelihood of execution, size, counterparty risk.
2. Affiliations and conflicts of interest	Affiliation to BMO Capital Markets which is part of BMO Financial Group
3. Specific financial arrangements with execution venues	None
4. Changes in venue usage	N/A for this period as no changes to the list of execution venues published in our Order Execution Policy
5. Execution factors specific to customer types	All customers are treated the same with regards to execution.
6. Situations where price and cost were not the primary execution factors	Detailed in (1)
7. If and how the firm utilized data from RTS 27 reports	No additional data or tools used to assess the quality of execution. Data required by Commission Delegated Regulation (EU) 2017/575 not available from execution venues at time of publication
8. If and how the firm utilized a CTP when making execution decisions	No consolidated tape provider used at present
